### **What is meaning the college?**

- An independent institution of higher learning offering a course of general studies leading to a bachelor's degree.
- a part of a university offering a specialized group of courses.
- a self-governing constituent body of a university offering living quarters and sometimes instruction but not granting degrees.

A case study is an in-depth study of one person, group, or event. In a case study, nearly every aspect of the subject's life and history is analyzed to seek patterns and causes of behavior. Case studies can be used in many different fields, including psychology, medicine, education, anthropology, political science, and social work.

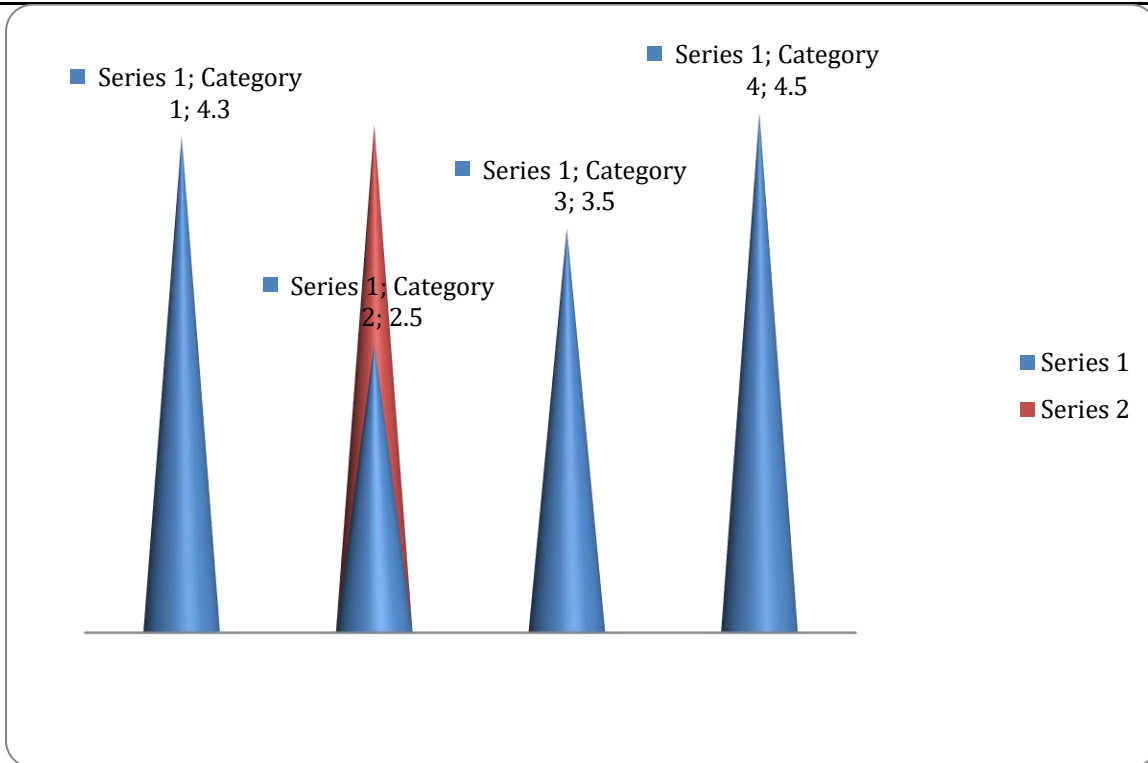

Case studies have been used for related research papers
